

Focus: To ask, seek, knock, and find the heart of God and request for His heart to be made known to us for our city, *communities, and families.*

The hope for the words written on this document is that you would find the heart behind why we are coming together to pray and intercede. This list is not exclusive but the start of desires and heart cries for the people in the Coastal Georgia region. These are the thoughts I have pondered with the Lord personally and the intents of my heart to have this time together. Christ is calling us higher, into Him, that heaven will be displayed in the earth; what a joy!

Intercessions for our Local communities: Savannah, Hinesville, Richmond Hill, Port Wentworth, Rural Towns of Coastal GA, and All Island Areas

Thoughts/intents/prayers/	Responses
I believe the Lord desires for the church of Jesus Christ to grow in their affections towards one another.	deliver us from being the segregated church to a church that embraces divergence in Christ.
What are the present needs of the church and how do we engage if we are called to engage in this process of her needs being met?	<ul style="list-style-type: none"> ● Deliverance from _____ ● Proper judgement; a call to come into balance with how the Lord would have us to judge a matter; not judging harshly in areas where there should be more grace. EX: we put heavy requirements on a new believer vs having stricter judgment on mature believers) ● Gifts (from the Holy Spirit) and functions (5-Fold graces) in proper alignment: EX God has given us the gift to prophecy that the church may be built up. The gift needs to come back into alignment with the original intent that God gave it to men.
What risk is God requiring of us to be able to spread the gospel deep and wide in our region?	<ul style="list-style-type: none"> ● humility ● seeing each other rightly with no selfish ambition in heart or mind ● freedom from the spirit of fear
That there will be sustaining fruit from the lives that live the truth, the way, and the life	John 14:6
The assembly of believers in our region specifically (methodist, baptist, etc) need the word and the spirit to rule and reign.	
What are the current dangers/challenges for the church in our region? and how is Christ calling us to mature?	<ul style="list-style-type: none"> ● Being sincere and without offense ● love overflowing (growing in love) ● growing in wisdom and revelation ● discerning (clearly see) what's good and evil and act accordingly ● Continually advancing the inner man by the Lord's grace
What are we doing well (our strength) as the local assembly and how can we acknowledge and give thanks to God for this?	<ul style="list-style-type: none"> ● local leaders are building courses/classes to help the body come into a greater understanding why we are called to be healed from trauma, soul wounds, etc ● growing in partnering with saints in other regions to love, learn, and grow from the grace of God running from others

	<ul style="list-style-type: none"> ● good works (feeding the homeless, opening homes, care centers to encourage life, caring for those who are oppressed) ● allowing exposure to hit the house first
Reject the spirit of death that is coming after the church to gain the world and lose it's soul. We shall embody being citizens of heaven that live in this world but not be of this world.

Prophetic Vision/insight from elders and saints in the region

Milly Mildred:

He has **placed unseen nets all across the lakes and over His DNA to protect it.** These Nets are formidable because they can neither be seen with any sort of technology nor are they penetrable. He said, ask of me to release a new level of Seraphim who were created for this very assignment, created with a star studded armor to operate in a level of stealth, no man can comprehend, but man Can put his faith behind in order to activate every weapon.

Next, with just a glimpse, He showed me the airways over America and at this time He also **placed nets below the second heaven and above our entire continent's airways.** Again we use our words to engage angels to activate against any EMPs, plans, strategies, witchcraft curses, principalities, powers, might and dominions against our country.

November 13, 2024

So this am at around 4:30, I woke with a dream or vision:

This was the 1st comforting dream I have had in a great while. This time, **the net that was filled with God's DNA was added to by God.** This time, Love, The blood of Jesus and Resurrection, dunamis power were added to the net, which made it more of a blanket than a net. **The Lord had me first cover the US with the blanket, soothing fears and covering those who were willing, with peace and hope for the future.** The enemy had spent enough time separating, hating and deceiving the people.

Now this blanket would bring peace and hope and would tear down the structures of division between people. This blanket would bring comfort, while the net brought protection. Together, these two became dynamos in the Spirit Realm. After the US was covered from the bottom of every waterway either in America or touching America, **God drew the blanket across the ocean to, 1st Israel, then further into the middle east. This blanket now also carried with it the Spirit of Revival, releasing over the nations revelations that would break down the lies of destruction and division, removing the blinders that have been in effect for thousands of years.**
